

Physics in Collision

40th International Symposium on Physics in Collision
RWTH Aachen University, Aachen, Germany | September 14-17, 2021

Invited speakers will present topical reviews of particle and astroparticle physics.
The symposium encourages informal discussions of experimental results and their implications.
Abstracts are invited for posters (see PIC2021.physik.rwth-aachen.de).

Topics

Physics at the LHC
Electroweak physics
Spectroscopy
Flavour physics
Neutrino physics
Heavy ion physics
Particle astrophysics
Dark matter searches
Dark sector
Gravitational waves
Cosmology

International Advisory Committee

Alessandro Bettini (University of Padova, INFN, Italy)
Roy A. Briere (Carnegie Mellon University, Pittsburgh, PA, U.S.)
Jean-Marie Brom (ESI, Strasbourg, France)
Pao-Ti Chang (National Taiwan University, Taipei, Taiwan)
Su Dong (SLAC, Menlo Park, CA, U.S.)
Ulrich Heintz (Brown University, Providence, RI, U.S.)
Lisa Kaufman (SLAC, Menlo Park, CA, U.S.)
Soo-Bong Kim (Seoul National University, Seoul, Korea)
Michal Kreps (University of Warwick, Coventry, UK)
Livia Ludhova (FZJ Jülich and RWTH Aachen University, Germany)
Wolfgang Lohmann (DESY and RWTH Aachen University, Germany)
Michal Marcisovsky (Academy of Sciences, Prague, Czech Republic)
Thomas Müller (Karlsruhe Institute of Technology, Germany)
Xiaoyan Shen (IHEP, Beijing, China)
Achim Stahl (RWTH Aachen University, Aachen, Germany)
Bernd Stelzer (Simon Fraser University and TRIUMF, Canada)
Yutaka Ushiroda (KEK, Tsukuba, Japan)
Rüdiger Voss (CERN, Geneva, Switzerland)
Yuji Yamazaki (Kobe University, Kobe, Japan)
